MUEL BLACK DIES AT HOME HERE

ther of Kentucky's Lieutenant Governor, Prosperous and Respected Farmer Goes To Reward

Mr. Samuel Black, one of Madison county's best known and most substantial farmers, died at his home in Richmond Saturday night, after failing in health for several months. He was 88 years of age.

About five years ago he moved to Richmond from Red House, where he had been actively engaged in farming for a number of years. He had accumulated quite a competence, and stood high in the community and was respected and esteemed by all. Four sons and two daughters survive, the former being Messrs. P. C. Black, D. P. Black, and James Black all of this county, and J. E. Black of Clark. Gov. James D. Black, of Barbourville, and Mr. Alex. Black, of this city, and John A. Black, also of Knox county.

Throughout a long and useful life he had been a faithful member of the Methodist church. He was also a member of the Masonic order, and its beautiful ritual will be used for the burial after religious services by Dr. M. T. Chandler, pastor of the local Methodist church. The funeral will be held this, Monday, afternoon at 2 o'clock, interment in the Richmond cemetery.

The pallbearers will be: Active—R. E. Turley, Dr. D. J. Williams, N. B. Deatherage, J. R. McKinney, D. S. Harber, Dr. J. R. Pennington. Honorary—James Noland, Al. Williams, T. J. Kellums, Sanford Oldham, B. M. Igo, Dr. H. G. Sandlin.

Two New Schools To Be Built

At a meeting of the county board of education late last week it was decided that the services of a county supervisor would be dispensed with until school term begins in July at which time the appointment will be offered to Prof. J. B. Harris, who has held that position for the past year. Prof. Harris has done splendid work for the schools in the county in every way.

The consolidation of the Valley View and Miller school house districts was also decided upon, and new school buildings are to be erected at Log Cabin and Green Oak districts. Effort will be made to supplement the salaries of rural teachers, on an average of about \$50 to the district, by popular subscriptions from the patrons of their respective districts.

ROOKWOOD—First, last and all the time. That's the way to settle the coffee question. Rookwood coffee rings the bell every time. D. B. McKinney and Company. 54 6

DELANEY WANTED IN GARRARD

Isiah Delaney, who was arrested upon a warrant sworn out by his wife, Iva Delaney, charging him with the non-support of their two children, was dismissed in the Madison Quarterly Court, it developing that he is under bond for his appearance in the Garrard county court, where he formerly lived, upon the same charge.

Collision Narrowly Averted At Nicholasville Junction

Two L. & N. and Q. & C. passenger trains came so near smashing into each other at the Nicholasville Junction late last week that the signal man in the tower ditched the Q. & C. which was Train No. 2 to keep it from going into the L. & N. which had the right of way. The engine, mail and baggage cars were derailed and it took 14 hours to get things back in shape so that traffic could be resumed. Engineer J. J. Donovan was in charge of the derailed train. Only the quick action of the tower man prevented what might have been a disastrous wreck.

P. A. C. Infirmary Notes

Mrs. Florence Thorpe who occupies the Burnam room, is quite ill her many friends regret to know.

Mrs. R. C. Boggs and little son are both doing nicely. They are in the Bettie Smoot room.

Mr. Lindsey Blanton left for his home on January 30th.

Mr. Henry White, after three weeks at the hospital, left on February 1st, very much improved.

Mr. Robert Drago, after a severe case of pneumonia, has recovered and gone to the home of his sister in Winchester.

Mrs. Nannie Renfro was admitted to the ward on January 30.

Mr. Albert O'Donnell was admitted to the ward on January 23.

The superintendent, Miss Scott, would greatly appreciate having some one volunteer to help with the nursing. There has been a great deal of sickness and not enough nurses to fill the demand.

CYNTHIANA TOBACCO MEN SUE CINCINNATI NEWSPAPER

The Cynthiana Tobacco Warehouse Company and the Independent Company have instructed Attorney Wade H. Lail, to enter suit against a Cincinnati newspaper for printing an item under a heading of the "flu" situation in parts of Kentucky, which said the situation was also serious in Harrison county, that all the tobacco markets had been shut down tight not a sales house was open, and on Monday, which was the best sales day of the week, no sales would be held. There was no truth in the statement, the tobacco men say, neither that the influenza situation was serious, nor that the markets were closed.

STRIKE ON IN SWEDEN.

Copenhagen, Feb. 3.—A serious railway strike has broken out in Sweden. Workmen last night stopped work on 19 lines. Railway traffic in southern Sweden is greatly hampered. The government is endeavoring to maintain the flow of food supplies to the larger towns.

Hines Against Federal Ownership of Railways

(By Associated Press)

Washington, Feb. 3.—Director General of Railroads Hines, testifying today before the Senate Interstate Commerce Committee, for the first time since his appointment as railroad head declared he did not believe in government ownership, but in the organization of a few big railroad companies subject to close government supervision.

Men With Ill Families To Come Home At Once

(By Associated Press)

Washington, Feb. 3.—It was announced today that General Pershing has been authorized by the War Department to send home for immediate discharge from the army any drafted or enlisted man who presents evidence of sickness or other distress in his family.

Uncle Sam's Boys Killed In Collision In Germany

2Troyes, France, Feb. 3.—Eight United States soldiers were killed and 30 injured when a troop train collided with two German locomotives between Chamont and Brest. The Americans were on their way to Brest to take ships for the United States. The dead and injured were taken to Bar Sur Aube.

Founded Masonic Home

(By Associated Press)

Louisville, Feb. 3.—George C. Buchanan, at one time one of the richest men in Kentucky and the largest distiller of fine whiskeys in the world, died of infirmities of age at the home of his son in Bolivar, Mo., last night, aged 84. He was noted as the founder of the Masonic Widows and Orphans Home here. After the failure of his firm several years ago, he became a whisky broker. About a year ago he went to the home of his son.

Another Little War.

(By Associated Press)

London, Feb. 3.—Bulletin—Ukrainian troops are preparing to attack Rumania, which is said to be mobilizing its forces to meet the attack, according to Copenhagen advices.

More Strikes In England

(By Associated Press)

London, Feb. 3.—The strike fever which has become epidemic in the United Kingdom, spread to London today when workers on the underground railways struck. They demand a half hour lunch period. Workers in the large hotels will discuss a strike tonight for shorter hours. Engineers expect to quit Thursday unless given a 44-hour week. Twenty-four other trades unions are withholding a strike until the cabinet can consider their grievances. Meanwhile in Glasgow, troops are maintaining order but in Belfast there is increasing uneasiness.

FIRST DOG LAW CASE UP IN MCCREARY COUNTY

State Department Orders Prosecution of County Attorney There For Refusing To Secure License.

So far as known the first prosecution for violation of Kentucky's new dog law will be against the County Attorney of McCreary County, M. H. Cline. Commissioner of Agriculture Mat S. Cohen, who is charged with enforcement of the law, stated to a Daily Register representative late last week, that he has notified the sheriff of McCreary county, John Spencer, to arrest Cline on three charges, harboring an unlicensed dog, interfering with an officer in the performance of his duty and misfeasance in office, in that he, Cline, who is himself, an officer of the law, has refused to assist in the enforcement of the law.

The matter was put up to Commissioner Cohen last week by the sheriff of McCreary county, who reported to Mr. Cohen that Cline, although an official, refused to have his dog licensed contending that the new dog law is unconstitutional. Cohen notified the officer to proceed with prosecution of the case and also notified Commonwealth's Attorney John Snyder, of that district, to have Cline indicted by the grand jury which is about to convene.

The penalty for violation of the law is a fine not to exceed \$100 for the first offense, or imprisonment not to exceed 90 days in jail, or both, at the discretion of the court. The law also provides a fine for any official who has to do with enforcement of the law and neglects to do his duty.

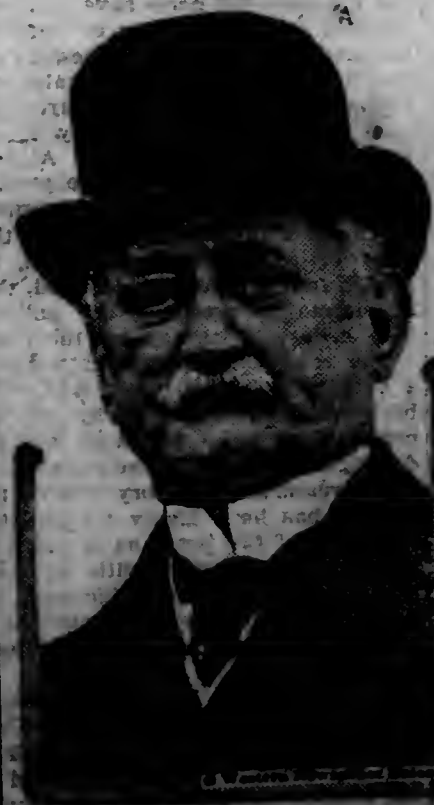

Certain provisions of the new dog law are displeasing in many ways to the fox hunters and others in this section, who have valuable dogs, and it is probable that at the next session of the legislature an effort will be made by the Fox Hunters' Association to have these offensive sections eliminated. They refer to provisions of the bill which permit the killing of dogs indiscriminately, and the reimbursement of the owner of only \$25. There are dozens of fine fox hounds in Madison county that could not be bought for a \$100 bill each and the owners feel that they have not been treated right by provisions of this bill.

County Clerk J. W. Maupin is now working upon a list of the dogs which have been listed for license in this county. Over 2,400 have already been licensed, out of about 2,600 that were listed with the assessor. The law provides that a complete list of the dog owners must be published in a newspaper before the 15th of February of each year. In this way, every dog owner can see whether his neighbor is obeying the law and having his dog licensed, too.

Buys Farm In Mississippi

C. B. Moore, a prominent farmer of the Terrill section, has just bought a Mississippi alfalfa farm, and is advertising a sale of his stock, etc., at his place in this county to be held February 11th. He plans to go to his southern home about February 15th. He bought a 170-acre farm at \$105 an acre. It is nicely tiled and in good shape. Mr. Moore's many friends regret to give him up but hope he will be well pleased in his new surroundings.

DAVID R. FRANCIS

David R. Francis, American ambassador to Russia, who left Amsterdam for London recently to undergo an operation, was President Wilson's Secretary of State Landing in Paris to report on peace negotiations.

Madison House Gives 'Em All a Price To Shoot At

The sole topic of conversation on the Richmond market, when the sales reopened Monday was the remarkable price that was realized by Messrs. Arbuckle and Hughes for their entire crop sold at the old Madison Warehouse. So far as can be learned, no other house in the state has approached a figure that high for an entire crop. The average of \$75.61 is one that is going to give them all something to shoot at for some days to come. The Arbuckle and Hughes crop sold by baskets as follows:

250 pounds sold at	70c
385 pounds sold at	76c
400 pounds sold at	82c
385 pounds sold at	79c
305 pounds sold at	71c

With Manager Elmer Deatherage boosting as never before in his life, it is no wonder that his patrons are getting such top figures for their weed at the old reliable Madison house. The growers of this prize crop were naturally congratulated on all sides upon their good fortune, but Mr. Deatherage and others connected with the Madison house were equally the recipients of congratulation and commendation on all sides. Mr. Deatherage says that he is going to try and go even higher if possible, for the next crop of the right sort that comes on his floor. He is giving his every patron the closest personal attention and this is one of the things, together with the high prices, of course, that is making the old Madison House so popular with the growers this season.

Expert tobacco men are really looking for the market to continue on the upgrade as the season tapers off. Mr. Deatherage says to his friends to get their weed in to his house and he will get them the real price.

Daily Register Subscription Rate Will Not Be Raised

After carefully canvassing the news paper situation, the Daily Register management does not believe that it will be necessary at present to increase the yearly mail subscription price of this paper. So that unless there should be a material advance in the cost of plain printing paper, any way soon, the subscription rate of the Daily Register will remain at \$3 per year. In order to be able to publish a daily paper at this rate—the cheapest subscription rate of any daily in the state—it is necessary that all subscriptions be paid strictly cash in advance. This plan will be rigidly adhered to, and every paper will be promptly stopped at the end of the time for which it is paid, unless renewal is received.

HUGE SINKING FUND TO PAY WAR DEBTS

May Be Established By Allies Into Which Hun Indemnities May Go—Subs To Be Banned.

(By Associated Press)

London, Feb. 3.—Abolition of submarines as warships may be decided upon by the League of Nations committee this week, according to the Paris correspondent of the Mail.

Today before the Supreme Council, Premier Venizelos, of Greece, presented the claims of Greece.

Among other features of the conference is the proposal of Senor Crespi, of the Italian delegation, that a universal tax be levied and put into a common fund together with the indemnities which Germany may pay, all for the establishment of a "sinking fund" for the allies. The tax would furnish interest on that portion of the allied debts which Germany had not paid and provide a sinking fund for ultimately cancelling the debts.

Let's Keep It Going.

The members of the Chamber of Commerce have been called to meet the court house tomorrow night to discuss important business. The question of maintaining this most useful organization will probably be discussed. Interest has seemed to lag in the Chamber of Commerce work for several months. Now that the war is over, and business prospects and possibilities are opening up as never before, Richmond needs such a body of live, active business men. There is absolutely no limit to the good that such an organization can do toward pushing and promoting the business interests of any community. The Chamber of Commerce has already

done much good work for Richmond and Madison county, and there is much yet to be done. The cost of its maintenance is small when distributed among the live and up-to-date business men. By all means keep the Chamber of Commerce going. Richmond must not lag; she has gone forward within the past few years and must continue to do so, and nothing can do a greater service toward that end than a live Chamber of Commerce.

FUNDS FOR CALVARY BAPTIST CHURCH.

As the pastor, Rev. B. F. Petty, has resigned, no more building funds or any other funds are to be paid to him. The church requests all subscriptions and gifts to be paid to the financial committee, Mr. and Mrs. Luther Mize, or Mr. W. F. Marcum, church treasurer. We hope to have a pastor soon and to resume our work at full force and any financial help will be greatly appreciated.—Mrs. J. W. Johnson, Clerk. 1p

GAS MEN PLAY BIG PART IN WINNING WAR

Ten Thousand Soldiers Toil at Turning Out Shells to Rout Germans.

MANY ARE INJURED AT WORK

Edgewood Arsenal in Maryland Won Place of Leadership Over Allies in Scientific Progress and Deadliness of Output—Gas Factory City in Itself.

Baltimore, Md.—While the men who have been working in shipyards and munition plants have received just praise for their fulfillment of patriotic duty, there is an army of men 10,000 strong who have worked faithfully, carefully screened from public notice, performing some of the most important work of the war, work which was largely responsible for the early signing of the armistice, who have received no recognition at all.

Day after day they have secretly worked in the manufacture of the poisonous gases which routed the Huns and impressed upon the Germans the ingenuity and resourcefulness of the American brain.

These men of the Edgewood arsenal stayed on American soil, never had the excitement of an ocean voyage or adventure in a foreign country or the hero-worship of those who have been overseas, and yet while staying right in this country they ran greater risks than many of the men on the firing line.

300 at One Time in Hospital.

The hospital at Edgewood is now occupied by 300 men who have been gassed or burned while about their country's work. There have been as great heroes at Edgewood as on the battlefield. There is in the hospital a blue-eyed boy in early manhood, smiling bravely through scars which are today as vivid as the first day, months ago, when they brought him, a writhing bit of humanity, to the hospital. Nor is he the only one. There are others, some of whom have been gassed twice and thrice and are today invalided in Colorado, having developed tuberculosis.

Hundreds of others are maimed and will always bear the marks of their sacrifice for Uncle Sam, which they gave so gladly without any of the glory, stripes, promotion or encouragement given to the men in the camps and trenches.

The signing of the armistice has made it possible for the public to have the first insight into the vast work which has been accomplished at the Edgewood arsenal, where has been manufactured and shipped safely "over there" more gas than has been made by England and France combined. Far removed from prying eyes, these thousands of men have produced gases which will go down in history as among the greatest achievements of the war.

Gas Factory a City in Itself.

Where on October 24, 1917, stood a bare waste of forest, now stands what is a small manufacturing town and a city in its activities. Great chemical plants have risen with lightning rapidity. There are the chlorine, phosgene, chloral and mustard gas plants, and then down near the water the large firing plant where the big shells were filled with deadly poisons and sent on their errand of freeing humanity.

Edgewood arsenal covers a tract of 300 acres, adjoining its companion unit, the great Aberdeen proving grounds, where the biggest of the big guns were tried out that were designed to smash the strongest of German fortifications. At the arsenal these results, it was confidently predicted, would be more effectively secured, and certainly at smaller human cost, by the gas products which it was confidently declared would smother the Metz forts.

Upon these 300 acres have been constructed a large number of immense chemical plants with the necessary adjuncts, all on an extensive scale, connected by 35 miles of railway, operated by United States army crews, working three shifts a day. At first it was attempted to run the arsenal with civilian labor, but the hazardous character of the employment made this class of employee so uncertain, although fancy wages were offered, that it became necessary to use enlisted men exclusively throughout the plant.

The result has been that work of a highly specialized nature and extra hazardous has been done by men receiving from \$30 a month up, and under rigorous military discipline.

The research laboratory work of the arsenal has been highly fruitful and the gases of the Germans are said to be mild in comparison with the more terrible products of Edgewood, of which the Germans had only got a foretaste when the armistice was signed.

"Come to Teach, Remain to Learn." Two experts, Colonel Auld and Captain Hankar, one sent from England and the other from France, to aid in the establishment of toxic gas plants, said on leaving: "We came to teach, but we remain to learn."

The Central Construction corporation received a contract in October, 1917, for the construction of a gas shell filling plant at Edgewood, under

Mrs. Smith In Washington.

Writing in his letter to the Danville
Advocate, Owner W. V. Richardson,
had this of interest here this week:
Mrs. Thomas Jefferson Smith, of of
the best known and most attractive
of Kentucky's charming matrons, has
been spending a few days in Wash-
ington, where she is very popular.
Mrs. Smith makes her home in Louis-
ville now, where she is pleasantly
domiciled in St. James' Apartments.
Her daughter is in Ann Arbor, Mich.,
this winter, where she is pursuing
among other studies, art. Mrs. Smith
is an alumnae of the above institution.
She has been looking over the various
Washington schools with a view of
sending her young son here next fall.
Mrs. Smith returned to Louisville
Monday. Mr. and Mrs. W. Vernon
Richardson entertained in compliment
to Mrs. Thomas Jefferson Smith, with
a dinner on Saturday evening at
Wardman Park Inn.

Beautiful Luncheon.

Miss Merritt Jones entertained with
a very delightful luncheon Saturday
at her home on the Lexington pike. A
most delicious menu was served and
heartily enjoyed by those fortunate
enough to be present. Covers were
laid for Mrs. Thompson Burnam, Mrs.
Jones Jennings, Mrs. Harry Francis,
Mrs. Paul Burnam, Mrs. Murray
Smith, Mrs. Robert R. Burnam, Jr.,
Mrs. Harry B. Wilson, Miss Lucy
Francis, Miss Anne Jennings, and Mr.
J. T. Jones.

delegate to the Peace Congress which
will be held in Chicago February 10
and 11.

Mrs. Aubrey Cossar returned to her
home in Louisville Thursday after a
week's visit to her sister, Mrs. Eugene
Walker.

Friends will be delighted to know
that Miss Jennie Taylor is recovering
having been critically ill for the past
ten days.

Friends will be glad to know that

SHOE CONSERVATION

W. H. Kelley, a lumber salesman, of
Omaha, found Neolin Soles so tough
and durable that one pair of soles
served on a second pair of uppers
after the first pair of uppers had worn
out in ten months of hard walking.

And he says, "Those same soles will
stand another ten months of constant
daily wear."

This is unusual service even for
Neolin Soles but Mr. Kelley's expe-
rience should indicate to you a method
of cutting down those rising shoe bills
you have to meet. Simply make sure
the new shoes you buy are Neolin-
soled and have worn shoes repaired
with these soles which are scientifically
made to be comfortable, waterproof
and exceedingly long-wearing. They
are made by The Goodyear Tire &
Rubber Company, Akron, Ohio, who
also make Wingfoot Heels, guaran-
teed to outwear any other heels.

Mrs. Harvey Douglas is improving af-
ter a very serious illness of influenza
and pneumonia.

Miss Willie Trayner was over from
Winchester for a few days this week,
the guest of her sister, Mrs. Bland
Ballard, on Broadway.

Mrs. James Caperton was asked to
postpone her visit to Jacksonville, Fla.,
on account of Mrs. Jennings and little
Katherine having the flu.

Mrs. W. R. Black, Mrs. J. I. Miller,
and son, and Mr. John A. Black, all of
Barbourville, are here to attend the
funeral of Mr. Samuel Black.

Mr. W. R. Green, of San Antonio,
Texas, who is here for an extended
visit to his brother, Mr. S. L. Green,
at Moberly, paid the Daily Register
office a call Saturday.

Miss Margaret Phelps, Misses Mar-
garet and Amy Turley, Miss Nettie
Kate Evans, and Mr. J. M. Evans,
motored to Georgetown Sunday and
were the guests of Dr. D. B. Knox and
Mrs. Knox.

WILLIAM JACOBSON

Private William Jacobson, of Chi-
cago, of the Twenty-third Infantry,
First division, is the proud possessor
of the medal of the Distinguished
Service Order, awarded him for spe-
cial courage and daring in battle.
Jacobson is only nineteen years of
age. He was wounded at Chateau
Thierry on June 6, and passed the
next day. On June 10 he was at
Soissons with special shock troops, and
later at St. Mihiel, where he took part
in that great battle. He was wounded
but fought on and captured two pri-
soners and two medals.

FREDERICK H. GILLETT

setts probably will be the next chair-
man of the house appropriations com-
mittee, one of the most important
committees in that body. He will suc-
ceed John J. Fitzgerald of New York.

SAYS MERITONE BROUGHT HIM AID AFTER FLU

Nashville Man Thanks New Tonic For Improving Health After Influenza

J. W. Allen, 1607 Twenty-first av-
enue, North, Nashville, employee of
the Western Union Telegraph Com-
pany, says Meritone, the tonic of real
merit, helped him to get back his
health after he had had influenza.

"The influenza left me with a pret-
ty bad cough," Mr. Allen said. "The
color in my face was about gone, too.
I didn't have any appetite. In fact,
after working all day I wouldn't have
any appetite and would almost have
to force myself to eat."

"Meritone changed all this. I hadn't
been taking Meritone more than a few
days until the cough was all gone.

"I kept on taking Meritone and got
to looking so much better and my col-
or came back so well that my wife re-
marked about it."

"Meritone gave me a fine appetite,
too. I feel mighty hungry when I get
home from work now and can eat any-
thing."

"I've been bothered with constipa-
tion for years also and the one bottle
of Meritone which I have just finished
taking has relieved it."

If you have had influenza or pneu-
monia and are all run down and weak
as a result get Meritone the tonic of
real merit. Meritone also is recom-
mended for disorders of the system,
such as stomach, liver and kidney
troubles, catarrhal complaints and
rheumatism.

You can get Meritone at Perry &
Son's. adv 1t

All Choked Up With Catarrh? Why Continue Makeshift Treatment?

Sprays and douches will never
cure you.

Catarrh is annoying enough when
it chokes up your nostrils and air
passages, causing painful and diffi-
cult breathing and other discom-
forts. But the real danger comes
when it reaches down into your
lungs.

This is why you should at once
realize the importance of the proper
treatment, and lose no time ex-
perimenting with worthless reme-

dies which touch only the surface.
To be rid of Catarrh, you must drive
the disease germs out of your blood.
Splendid results have been report-
ed from the use of S. S. S., which
completely routs from your blood
the Catarrh germs, for which it is
a perfect antidote.

S. S. S. is sold by all druggists.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.
